

## Test Options

| <b>Services/Products</b>               | <b>Bioinformatics</b>           | <b>TAT</b> |
|--|---------------------------------|------------|
| Whole Exome Sequencing<br>( Proband )  | QC Report                       | 14 days    |
| 100X                                   | Medical Report ( sign off )     | 28 days    |
| Whole Exome Sequencing<br>( Trio )     | QC Report                       | 14 days    |
| 100X                                   | Medical Report ( sign off )     | 28 days    |
| Whole Exome Sequencing<br>50X          | QC Report                       | 14 days    |
| Whole Exome Sequencing<br>50G raw data | QC Report                       | 14 days    |
| 500X                                   |                                 |            |
| Lane Sequencing                        | 800G/lane                       | 8 days     |
|  | 3.2T/FC                         | 8 days     |
